INTER- DENTALE 2020

YOUNG EXPERTS
DENTAL SYMPOSIUM

Digital workflows in dental practice and dental laboratory

**Online-Seminar inklusive Live-Demo in
englischer Sprache, mit
Dr. rer. nat. Joachim Krois,
Dr. Ingo Baresel und ZT Fabian Oberhofer**

**30. Oktober, 15.00 bis 18.00 Uhr
4 Fortbildungspunkte**

Artificial intelligence in dentistry – paradigm shift or hype? The lecture with Dr. rer. nat. Joachim Krois highlights the application of artificial intelligence in dentistry and discusses its opportunities and risks. Paradigm shift or hype – let's venture a look!

Following the lecture, Dr. Ingo Baresel and Fabian Oberhofer will demonstrate an entire digital workflow live. A patient is scanned intraorally, the scan data is processed in the award-winning software DMG DentaMile connect and a splint is printed. Finally, this splint is inserted live on the patient.

This online seminar will be held in english.
